

**Data  
Engineer**

build pipelines  
build databases  
build services  
NoSQL skills  
Hadoop skills  
big data skills

design & build  
data skills  
design skills  
coding skills  
testing skills

**Data  
Scientist**

build analytic models  
quantitative analysis  
statistics & math  
big data skills  
data visualization  
data storytelling
